may be likely to be a little less than the 100,000 which resided in the city in the week of court. Today was set for the appearance of the defendant in Judge Cushman's court but it was postponed because the parties were going to meet and try to effect a compromise. A certain arce was accordingly granted or one week.

The property belonged to the estate of the late Dr. Frank L. Adams. It was sold by J. H. McDonald & Co. to Alexander for \$50 a lot. The court confirmed the sale this morning.

The transaction establishes a maximum value of property in the block on the west side of San Pablo avenue north of Nineteenth street of \$850 per front foot.

to Burn House.

Emeline G. Sweetser, who as a bride of less than a week set fire to her husband's residence at 1217 Wall street in Elmhurst while Henry Sweetser, the bridegroom, was asleep inside, was held to answer on a charge of arson before Judge Mortimer Smith this morning, her bond being set at \$2000 to appear before the Superior Court for trial. The woman was not represented by counsel and made no defense.

Asked if she wished to take the stand in her own defense, or if she desired to summon any witnesses, she asked whether this was the final trial, and being told that it was merely a preliminary hearing, she said she would take the stand at the regular trial. She told Prosecuting Attorney Ezra Donato that she had been

APPLY FOR REHEARING OF SUPREME COURT DECISION

Council Committee Takes Action on An-
nexed Sanitary Districts Sewage Bonds
After Learning Public Opinion

Application will be made today for a rehearing of the case recently decided in the supreme court, dissolving the annexed district sanitary boards in the hope of the reversal of the court decision. The hopeless tangle into which the project of bringing sanitation to this district has fallen as a result of the action of the supreme court, is looked upon by attorneys as a basis for the hope that the rehearing will be granted, and that there is considerable hope of a reversal of the decision. The time for rehearing expires November 2 and the answer to the request must be handed down from the bench before that time. Announcement that this action would be taken by the attorneys for the sanitary districts and for the bond buyers who had negotiated the sale of some sanitary bonds and expects to handle more,

was made at a special meeting in the council chambers at the city hall last evening. Representatives of the six sanitary districts met with representatives of the city council, and other city and county officials, and threatened that they would stand in the way of sewerage in this territory. The consensus of opinion was against invoking the Vrooman act, as it is considered that this would impose too heavy a burden upon the large and small property owners.

COMPLICATIONS RESULTED.

Complications of the most fundamental order have resulted from the supreme court decision dissolving the sanitary districts and boards.

According to the attorneys who have studied the case, the supreme court was theoretically correct in the state it took. Two municipalities cannot theoretically exist in the same area, and municipal powers may not be exercised by two different units of government within the same jurisdiction. Therefore, the sanitary boards, which exercised such powers, were automatically dissolved when annexation of the district to Oakland was ratified.

This is the stand taken by the supreme court, and is considered theoretically unassailable by City Attorney Stetson, but the fact that the board of education may issue bonds, thus exercising a municipal power, would be a serious practical principle, and the practical difficulties and complications which have arisen from its rigid application are considered almost insurmountable.

BOTH SIDES TO APPLY.

The application for a rehearing will be made by the attorneys appearing on the one side and for the other side, who had expected to take up the bonds. These attorneys are Snook and Church, Judge J. J. Allen, Reed, Back & Reed, T. S. Gary and S. Parnsworth.

The meeting last night was called by a special council committee consisting of Councilmen L. N. Cobble, R. C. Vose and J. R. McGregor. It was held for the purpose of obtaining the expression of opinion of the people of the territory involved as to their wishes in the matter. The situation was first explained by City Attorney Stetson and by Deputy City Engineer Erickstad, and County Surveyor P. A. Haviland, who has been appointed by City Engineer Turner as a deputy to take up this matter in particular. The suggestion from the city council that the Vrooman act, under a 10-year bond proposition, should be invoked to meet the difficulty, was strongly opposed.

ARE AWAITING RESULT.

After lengthy discussion it was decided to await the result of the rehearing, to be asked for by the attorneys, and also to await the possible action of the state legislature in January, amending the act under which it was hoped a proceed as to make the act constitutional and available to all the sanitary districts. Attorney Charles E. Snook outlined some of the difficulties raised by the recent decision as follows:

"The difficulties presented as a result of this decision are so great and the complications so grave that we believe there will be no question that we will be granted a rehearing."

"There is about \$82,000 in bonds outstanding for work by the city. The decision of the court these districts have been dissolved and there is no way in which this money can be balanced from these districts. The city then became liable for these debts and would have to pay the bonds out of the general fund. This is now difficulty."

COST ABOUT \$10,000.

"I am also advised by competent engineers that the cost to Vroomanize this district would be approximately \$100,000. It would also take months of time, as the Vrooman act provides that all work must be done to line and grade. This would take months of time."

"There are two methods by which it is possible to Vroomanize this district. The first is that of arranging for immediate payment upon the completion of the work. This would necessitate the immediate raising of \$375,000 for the six sanitary districts, or a levy of 10 per cent on all property. This is as high as to be prohibitive."

ANOTHER METHOD.

"The other method is the 10-year bond proposition. I have already pointed out some of the difficulties among them the length of time before it will be possible to start work, which is estimated at two years."

"Under these conditions, I would suggest it would be better to await the response to our request for a rehearing, which would probably result in a reversal of the recent decision. It would advance the people of the district to wait a little while, as it is possible that the legislature may amend the act which in its present form is inutile. In fact, no other course is practicable, as without litigation none of the money in the county treasury held for the sanitary boards dissolution would be paid over and the question of the settlement of the bond payment would also have to be settled by court decision, which could involve hopeless delay."

SITUATION EXPLAINED.

Attorney George W. Reed appeared before the committee and explained the situation from the point of view of the men in the sanitary districts.

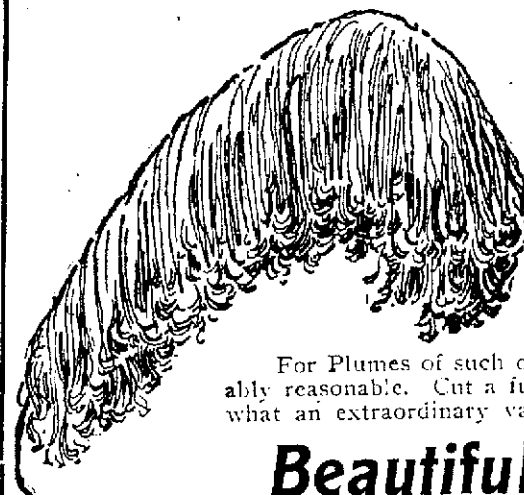

"We have filed a request for a rehearing in this case, and have very high hopes of having the decision of the Supreme Court reversed. We have held that these districts could not be dissolved excepting

GIRL TO ATTEMPT SWIM ACROSS BAY

ALAMEDA, Oct. 21.—Miss Nell Schmidt, whose contemplated swim from the Alameda made to the San Francisco side of the bay has aroused considerable interest, will participate in the program of aquatic sports to be given Sunday by the Alameda Boat Club. The program will mark the closing day of the season. Miss Schmidt will be seen in high dives and long-distance swimming feats, foraging under water and other difficult exhibitions.

Although Miss Schmidt has been urged to forego the swim across the bay, which is considered highly dangerous, she said today that she would attempt the feat this month. Miss Schmidt is the daughter of Mrs. Schorsch. She was born at the Alameda Boat Club and learned to swim when she was but two years of age. Miss Schmidt's name on the Alameda Boat Club program will draw a large crowd to the boathouse at the north end of Chestnut street Sunday.

MINING ENGINEERS TO VISIT CANAL ZONE

NEW YORK, Oct. 21.—The American Institute of Mining Engineers has chartered the Hamburg-American liner Prinz Auguste Wilhelm for a special trip to the Panama Canal zone. The steamship will sail from here today, taking out 150 members of the institute, their wives and families. The regular technical session of the institute will be held on board during the voyage. Some fifty papers will be read and regular business transacted. The trip will occupy twenty-five days. During those nine days on the isthmus the visiting engineers will inspect the canal from Cristobal to Panama. The itinerary includes trips by special train to Gatun dam, the Culebra cut, the locks and dam at San Miguel and Miraflores.

AGAINST VROOMAN ACT.

Representatives of the districts affected declared that the consensus of opinion among property owners was against the utilization of the Vrooman act, and in favor of any plan that would give the opportunity of spreading the payment for the sewers over a period of 20 years. The urgent need of sewers was pointed out, but grave objection was raised to immediate payment, or a 10-year bond proposition. The districts affected are Elmhurst, Seminary Park, Pittsburg, East Fruitvale, Upper Fruitvale and Redwood.

County Surveyor P. A. Haviland went into the technical matter of adopting the plans drawn by him for the sanitary districts to work in with the extension of the sewer lines and grades of the city in this section. He stated that this could easily be accomplished.

Councilman R. C. Vose suggested that

It may sound incredible, but it is an absolute fact that East Piedmont Heights Property in the heart of the Piedmont section now selling at \$20 a foot and upwards, is in every every respect just as advantageous and desirable a place for a fine home as Pacific Heights property, San Francisco, selling at \$200 to \$300 a front foot or from ten to twenty times the rock bottom prices on which for a limited time we are offering this property.

What made Pacific Heights San Francisco's finest residence district was its slightly situation, marine view and exclusiveness.

East Piedmont Heights Extension has the same characteristics—slightness and magnificent view, while it adjoins the Crocker Tract, home of millionaires, and is in the exclusive Piedmont section.

And Yet

NOW—this week—you can buy extra deep 50-foot lots on top of a broad, beautiful knoll in East Piedmont Heights Extension for

In the Heart of the Piedmont Section

And remember that included free in this price are macadamized streets—concrete sidewalks—water and sewers—gas and electricity—and shade trees—that this property is surrounded by parks—is rigidly restricted and in a restricted section—that it is bounded by well-kept boulevards—that it is nine minutes from the heart of Oakland by a new street car line having a terminus in the tract—that it is bordered by the right of way of the Key Route extension—when complete, giving a direct 30-minute electric train service to San Francisco—and that it is a mile nearer than the main part of Piedmont.

Don't you see that here is a tremendous opportunity?

Values must increase here rapidly.

The president of one of Oakland's leading banks visited East Piedmont Heights Extension yesterday and said that he considered that these lots we are selling at \$20 a foot would be selling at at least 40 a foot in the course of a couple of years.

Don't forget that while the increase in values is in the total worth of the lot, your investment may be only a fraction of this sum, inasmuch as you need make only a small payment down and monthly payments as low as

IDENTITY OF BODY MAY DECIDE TRIAL

Crippen Insists in Testimony His Wife Ran Away With Affinity.

(Continued from Page 1)

Poison Used Is Like Belladonna

Hyoscin is an alkaloid poison made from the leaves of the black hyoscyamus, and is only administered by physicians with extreme caution as a sedative or an antidote for the morphine habit.

In small doses it has a quieting effect upon a patient, but in large doses would act much the same as belladonna and cause muscular convulsions. Those familiar with the poison state that 1-30th of a grain would be a large dose and that in all cases the poison is handled with the greatest care. It is sometimes given hypodermically and comes in the form of a white powder.

It is alleged by the prosecution that Dr. Crippen administered this poison to cause the death of his wife, who was formerly Belle Ellmore, the actress.

Medical experts it was impossible for the jury to find a verdict of guilty. He said it was inconceivable that if Crippen had murdered his wife and mutilated her body he should invite Miss Leneve to sleep in the house on the following day. Crippen would have had time to direct the body, bury the flesh and get rid of the head and limbs. He must have known the risks of such a visit as Miss Leneve made.

EXPLAINS NON-APPEARANCE.

Regarding the non-appearance in court of the quartermaster of the steamer Montrose, counsel said the man would be rendered liable to a charge of inducing the police if he corroborated the testimony of Crippen. The quartermaster had prepared the story of suicide of the doctor.

When Tobin closed the court was adjourned.

LONDON, Oct. 21.—Dr. Hawley H. Crippen, accused of the murder of his wife, known to the theatrical profession as Belle Ellmore, matched wits today with Richard Muir, one of the cleverest criminal lawyers in England.

Before Crippen re-entered the witness box, from which he gave his direct testimony yesterday, Lord Chief Justice Alverstone announced that at his own request the jury would be allowed later in the day to examine microscopically the skin from the body found in the bilge of the steamer Montrose, which bears it is alleged by the prosecution, a scar such as Belle Ellmore received from a surgeon's knife twelve years ago. The defense claims there is no scar, but that what appears to be such was caused by a fold in the skin.

Although the steamer Montrose is at sea, the quartermaster who Crippen testified yesterday entered into a conspiracy to hide him during the flight to Canada, is now in London.

PAUL HARVEY SCORES HIT AS MISSHARNED'S LEADING MAN

Actor Who Won Fame in New York Divides Honors in New Play With Famous Star

Paul Harvey, leading man with Virginia Harned, is attracting almost as much attention in Herbert Bashford's new play, "The Woman He Married," as the star herself. Harvey is well known to devotees of the drama both in the East and the West, and was chosen by Bashford himself to take the part of the Artist in the new production, written especially for Miss Harned, and which will be presented in Oakland Monday night.

Bashford persuaded Harvey to desert Broadway and come West with him in order to take the leading role with Miss Harned. Harvey appears in the new play in Reno, where he is well known and is said to possess large mining interests. Following the production of the play, which scored a hit, Harvey was given almost as great an ovation as the star herself, and was one of the lions of the evening at the banquet which followed the performance.

Harvey has been seen on the coast in various plays, and is well known in Seattle, Portland and as far south as Los Angeles, where he took the leading part in several of the most popular plays that have been staged in the West. He has recently been one of the best known actors on Broadway and has won renown throughout the East for his clever interpretations and the dramatic ability displayed in the various roles he has assumed.

In the initial production of the new play in Reno, the entire divorce colony attended in a body, and more than half a million dollars in jewels were in evidence in the fashionably dressed audience that filled the playhouse. Miss Harned and Harvey divided honors, both scoring a triumph.

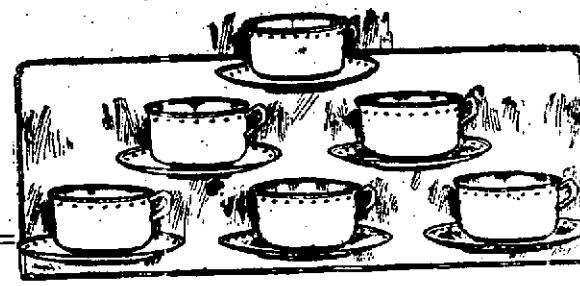

The production of the play in Sacramento has also been attended with success and Harvey's local friends are planning to give him an ovation when he makes his appearance here Monday night in company with the famous Reno divorcee.

Man Hides Gold in Trunk, But Clever Burglar Uncovers Plunder.

A cache of \$80 at the bottom of a trunk carefully put away by Henry Boscus in a closet adjoining room at 813 Broadway was discovered by burglars last ten days. The police have been asked to look for the trunk. The theft was not discovered until yesterday, when Boscus went to the trunk to get the money, which was in gold. He had placed it in the trunk October 10 and the burglary must have been committed during the last ten days. The police have been asked to investigate.

Finding an automobile standing unprotected in front of 1156 Alice street last night, thieves stole two cashes valued at \$146. The machine was the property of M. A. Tutthill of 2400 Piedmont avenue, Berkeley, who was visiting at the Alice street address at the time.

PANAMA LIBEL SUIT AGAIN BEFORE COURT

(Continued from Page 1)

set out in the brief as being whether or not the United States courts had jurisdiction to punish a corporation which printed in the city of New York a newspaper containing a libel criminal under the laws of the state of New York and circulated copies of the same within the federal territory of West Point.

The government's claim is based on an act of Congress of 1893, which the government urges operates to transfer the state law to federal territory for the purpose of punishing acts committed there, which, if performed outside and in the jurisdiction of the state, would be amenable to its laws.

In the government's brief it is argued that it is not only the right but the duty of Congress, so to legislate concerning territory under its exclusive jurisdiction as to preserve peace and good order therein.

AS TO INCONVENIENCE.

The inconvenience to accused of being subjected to prosecutions in sundry places, where their alleged libels are circulated, was met with the argument that "the inconvenience which may be suffered by criminals has not generally been regarded as adequate reason for permitting them to operate without restraint."

Wolf and E. K. Seibert.

four hours after his wife had disappeared. Crippen said he resolved to go away on July 9, after realizing that suspicion had been directed against him. He feared he might be arrested and jailed until his wife were found. He wished also to spare Miss Leneve, whom he pursued to disguise herself and quit London by explaining that the statement which he made to Inspector Dew involved her as well as himself. He told the girl there would be a scandal, and if his wife were not located there would be trouble. The only way of escape was for both to start a new home together abroad.

WITNESS FOR DEFENSE.

Crippen was under cross-examination for four hours. When the defense was excused from the box Turnbull, director of the Pathological Institute of the Gordon Hospital, was called for the defense. He bluntly declared the so-called scar on the body of the victim could not possibly be a scar.

BEGIN TODAY

Using "2 C. Dairy Whole Milk. Natural flavor of pure cow's milk. Ask your grocer.

HINTS AT AFFINITY.

Muir, losing no time in preliminary asked Crippen whether he had seen or heard of his wife since early on the morning of February 1. The witness replied in the negative and in answer to further questioning that he did when facing his own counsel. He rested his elbows on the railing, clasped his hands and looked inquiringly about the courtroom.

He supposed she had gone to Bruce Miller, her previous husband, and that she was living in Chicago. That was the only guess he could make. He made no inquiries. The witness said he last saw his wife between 9 and 10 o'clock in the morning of February 1, when they retired as usual.

MADE NO INQUIRIES.

That morning he prepared his own breakfast. Returning in the evening, he found Mrs. Crippen had disappeared. He made no inquiries regarding the passengers listed on vessels sailing for America, nor had he since suggested that inquiries regarding the whereabouts of his wife should be made.

Muir suggested that if the witness' wife were alive she would call on her husband. Crippen's reply to this was that if his wife had gone with another man she would not have "the face" to go to her sister. This opinion from the witness box drew forth a chorus of "Ohs" from the spectators. The doctor did not say whether his wife took any of her furs with her or if she had any quantity of furs and dresses.

DISPOSITION OF JEWELRY.

Regarding the disposition of Belle Ellmore's jewelry the witness said he considered her was entitled to tell Inspector Dew he had not pawned her jewels, as these had been purchased with his money and he considered them his. He had used the proceeds of the sales to pay for advertising. He said that he had not cashed his wife's life at the time she left him.

"I asked her," said the witness, "if she wanted any money. She replied, 'No, I want nothing.' Counsel took up the subject of the letters and statements to Belle Ellmore's friends which the husband had made regarding her death. Crippen admitted that all were lies and smilingly assented to the suggestion that he had to play the role of a bereaved husband.

DENIES BUYING POISON.

Lord Chief Alverstone and Counsel Muir piled the witness with questions regarding his use of hyoscin, a poison which the prosecution alleged he administered to Belle Ellmore and caused her death. Crippen said he had not purchased any hyoscin before or after the occasion proved by the coroner and on which he admitted buying the drug. He could not name any patients for whom he had prescribed hyoscin.

The witness suggested that it was possible that the human body found in the cellar of his house had been placed there during a periodical absence of himself and wife.

QUICKLY GOT AFFINITY.

It developed in the cross-examination that no time was lost in establishing Ethel "Tutie" Leneve, the doctor's sister, as the falldrop Crescent home. Crippen admitted that Miss Leneve had slept in the house February 2, when twenty-

FORGER GIVES UP TO THE POLICE

Harry Brown Says Liquor Caused Him to Commit Crime.

Confessing that he was wanted in Kansas City for forgery, Harry Brown, a solicitor, who came to this city recently, gave himself up to Sheriff Barnett this morning and is being held in the county jail pending the receipt of advices from the chief of police of Kansas City.

Brown tells a wild and weird tale of his actions since he left Kansas City two weeks ago. He says he forged the names of A. M. Little, his employer, to a check for ninety dollars and also forged the endorsement in the name of C. F. Spencer. He passed the check, he claims, upon the Western Exchange Bank. Immediately after setting the money he commenced to drink and, he says, for a week he was in a constant stupor from liquor. He claims he does not remember boarding the train for Oakland and that all through the journey he was in a daze. He regained his mental balance yesterday, he said, and resolved to go back to the Missouri city and face the consequences of the forgery. Not having sufficient money to pay his fare East, he gave himself into the custody of the sheriff with the request that at the Kansas City police he be notified.

Sheriff Barnett has telegraphed the facts related to him by Brown to Kansas City and expects an early reply. Brown says he is a married man and that his wife does not know what has become of him. He is about 35 years of age.

WOMEN WILL CONTEST WILL OF THEIR MOTHER

Mrs. Agnes Sullivan, Mrs. Rose Poppen and Miss Mable Ryan, daughters of the late Mrs. Annie Ryan, filed a contest to the probate of their mother's will this morning, in which they accused Miss Katherine Ryan, their sister, of exerting undue influence upon Mrs. Ryan at the time of the making of the will.

JURY SOON TO DECIDE FATE OF YOUNG NEGRO

Vivian Knicker, the young negro who yesterday was so indicted on an immediate trial on the charge of having assaulted Winnie Blake with a razor, was given his trial before Judge Wells this morning. The evidence was all in by 11 o'clock and the case went to the jury, who returned about noon to have certain portions of the evidence read over to them. A verdict will probably be reached this afternoon.

EDUCATORS TALK OF CHILD WELFARE

School Principals Discuss the Proper Methods of Rearing Children.

"Moral education must come from within; self-government, is the best government," said Principal C. L. Biedenbach of the McKinley school in Berkeley last night at the Child's Welfare League mass meeting in West Berkeley. "Children can grow into right minded individuals, automatically doing the right thing, only by being encouraged to become self-dependent from their earlier childhood. Every step of the way must be carefully watched. But the hand that does the guiding must be in evidence only when there is danger of a fall."

"The Schools and the People" was the subject of an address by Principal Preston of the Franklin school, under the auspices of the Parents' Association of which, together with the Child's Welfare League, the mass meeting was held.

Other speakers were Mrs. Elmer Carls, a vice-president of the Child's Welfare League, who declared that the playgrounds most fully exemplify the principle of the Child's Welfare League, that the best way to prohibit the bad is to provide the good. Probation Officer Russ also spoke, taking for his subject the "Unclean City vs. the Clean Child," declaring that the community should cease to pull at the other end of the rope, in a perpetual tug of war against the efforts of the good home.

HUNTINGTON HEADS

\$20,000,000 COMPANY

LOS ANGELES, Oct. 21.—The Los Angeles Railway company yesterday increased its capitalization from \$5,000,000 to \$20,000,000 and changed the last word of its name to "company" from "corporation." H. Huntington, general manager, is the principal subscriber, his shares representing all but \$5000. His father and others hold the remainder.

Great extensions and improvements are to be made with the additional capital. The corporation already operates 240 miles of track and this is to be increased by 100 miles within two years. Immense shops are to be built. Electricity is also to be manufactured and sold for light, heat and motive power.

LITERATURE SAVANT DEAD.
LAWRENCE, Kan., Oct. 21.—Prof. Frank E. Bryant, associate professor of literature at the University of Kansas, is dead of typhoid fever, aged 33 years.

AN ABSOLUTE NECESSITY

So Thinks at Least One Traveling Man.

I would as soon think of starting out without my medicine bottle and grip as to start out on a trip without a box of Stuart's Dyspepsia Tablets in my valise, said a traveling man who represents a St. Louis hardware house. "Why? Because I have to put up at all kinds of hotels and houses, and I have to eat good, hot and different food at all hours of the day and night and I don't believe any man's stomach will stand that sort of thing without protest, any way I know mine won't." It has to have something to break the fall and Stuart's Dyspepsia Tablets is the crutch I fall back on.

My friends often "josh" me about it, tell me I'm an easy mark for patent medicine takers, that advertised medicines are humbugs, etc., but I notice that they are nearly always complaining of their nerves and pains and poor digestion, while I can stand most any old kind of fare and feel good and ready for my work when it needs me, and I believe I owe my good digestion and sound health to the daily regular use of Stuart's Dyspepsia Tablets, year in and year out, and all the "joshing" in the world will never convince me to the contrary.

I used to have heartburn about three times a day and a headache about three or four times a week and after standing for this for four or five years I began to look around for a crutch and found it when my doctor told me the best investment I could make would be a fifty cent box of Stuart's Dyspepsia Tablets. Since I have invested about fifty cents a month for them ever since and when I stop to think that that is what I spend every day for cigars, I feel like shaking myself with myself for I can keep my stomach and digestion in first class order for fifty cents a month. I don't care for any better life insurance.

My druggist tells me they are the most popular of all stomach medicines and that they have maintained their popularity and success because they do as advertised. They bring results, and results are what count in a patent medicine as much as in selling barbers.

BANQUET BOOSTS BIG EXPOSITION

Native Sons' Parlor Makes Merry at Pabst Cafe and Pledges Aid to Fair.

The Good of the Order Banquet held at Pabst cafe Wednesday evening, October 18, to boost for the Pan-Pacific Exposition, was a success. The affair was given under the auspices of the Boosters' Club of Athens Parlor 115, N. E. G. W., and a large attendance was present to boost for the fair.

The chief features of the function were speeches, stories, vocal and other musical selections, which were well received by the enthusiastic guests. An elaborate menu service of California wines and edibles completed the affair, which lasted till a late hour. The banquet hall and tables were beautifully decorated with the national colors and leaf flags in an appropriate manner.

The committed member in speaking of the affair, state that owing to the success with which they met, plans are already being formulated for the holding of similar functions semi-annually.

FILES BIG SUIT AGAINST RAILROAD

Attorney George W. Langan Asks Damages to Amount of \$103,138.

Attorney George W. Langan commenced suit in Martinez today against the Southern Pacific Company for damages to the amount of \$103,138 for the loss of his legs, which were cut off on Jan. 2 last, when he was run over by a train while traveling from Oakland to Martinez. Langan will be represented by Chapman & Trefethen and by his law partner, A. M. Mendonhall of Oakland, and by Attorney J. W. Rogers of Martinez.

Of the damages asked \$100,000 is for the injury itself; for loss of practice, \$200; for medical bills, \$25; for wooden legs, \$200; total, \$103,138.

CHARGE BOOK AGENTS WITH SHARP PRACTICE

SAN JOSE, Oct. 21.—The educational contest started in San Jose a few days ago by W. B. Gilbert and N. D. Salmon, book agents for a publishing house putting out an encyclopedia and dictionary, received a severe jolt yesterday at a brief but animated conference held between City School Superintendent Alex. Sheriffs, County Superintendent D. T. Bateman and N. D. Salmon, when Sheriffs told Salmon that one of two things had to be done immediately—either these men must square themselves with the parents of school children who have been taken in by the alleged sharp practices of the agents or these book vendors must leave the city at once. In the event that neither of these courses is pursued Sheriffs threatened the men with prosecution for fraudulent representations in attempting to put their books on the market.

Salmon's scheme was to offer a book as a prize to the pupils giving the best answers to a set of questions. The book was one of a set of forty. After the child had received the prize the agent called and generally secured a contract for the purchase of the other thirty-nine volumes.

WILL GIVE LECTURE ON CIVIL WAR DAYS

"In Washington and on the Battlefields in President Lincoln's Time" is the title of an illustrated lecture which will be delivered in San Francisco at Christian Science Hall, Sacramento and Scott streets, this evening by Edwin R. Jackson of this city. The lecture will be devoted to the names of the California Camera Club and will be the 25th in the club's series.

Jackson has a remarkable collection of lantern slides, many of them superbly colored. The photographs, from which the slides were made, have been taken year by year to represent the life of all the Civil War photographs extant. Through the courtesy of the War Department, Jackson recently secured a rare collection of Lincoln photographs, representing the closing scene in the life of the martyred President.

Jackson's lecture gives a concise and clear account of the leading incidents in the great conflict.

GRAND GOLD ORATORIAL CONTEST will be held in the First Methodist Episcopal Church, 14th and Clay streets, Friday, Oct. 21, at 8 o'clock. There will be eight competitors. Music numbers will be rendered during the evening. Silver offering.

FAKE WEDDING STORY LEADS TO MAN'S ARREST

PORTLAND, Oct. 21.—Coupling the name of Miss Florence Cooper, daughter of a wealthy Los Angeles citizen with his own and causing a fictitious announcement of their marriage to be published in a Portland paper, led to the arrest of J. H. Reed, who has been lurking around leading hotels and posing as a government secret service agent. Reed not only supplied the paper with a written, but with pictures as well, and artistically worked into his story mention of the names of secret service agents in the department and found that Reed was not among them. Reed was immediately arrested, a revolver, handcuffs and brass knuckles being found in his possession.

NAGEL ADVOCATES TWO REFORMS AT STATION

WASHINGTON, Oct. 21.—Two reforms in practices at the Angel Island immigration station at San Francisco are called for in a letter written by Secretary of Commerce and Labor Nagel to Commissioner-General of Immigration Keefe as the result of Nagel's recent inspection trip. These are that the department yield to the request of representatives of foreign consulates that during the hearings on the applicant be allowed to be present. A desired, though not to participate, and that the commissioner at San Francisco be given discretionary authority to have witnesses examined on shore. Secretary Nagel says the station itself is in good condition and that under proper management there should be no just cause for complaint.

FRIENDLESS AND POOR HE KILLS HIMSELF

DENVER, Oct. 21.—George Hubert Williams of Marysville, Cal., committed suicide here by swallowing morphine. He was found last night, after lying twenty-four hours in an unconscious condition, by a clerk in the hotel, who forced the barbed door. Pinned to the dresser was a tear-stained note which read in part: "I hope this is the last paper I shall see for any purpose. I have drifted into a dreary middle age poverty-stricken, friendless and with the prospect of a dependent, lonely old age. I never was fitted to cope with the world, and am afflicted in mind, body and estate."

Note.—In case of inclement weather the concerts will be given in the GYMNASIUM.

ACCUSED WOMAN WAS 'SMITHY'S' COMPANION

Contractor Declares He Saw Two Together at Picnic On Labor Day.

(Continued from Page 1)

Schmidt, alias Smithy, with Mrs. Belle Lavin, who is already under arrest and undergoing a sweating process by the Los Angeles police.

The additional information was received today from J. A. Maddox, a contractor, who had employed Smithy to work for him in Corte Madera and who declared positively that as early as Labor Day the much-wanted man had attended a picnic in company with Mrs. Lavin.

CORROBORATES STORY.

This corroborates the statement made by Anton Johannsen, who has already connected Mrs. Lavin with Smithy. It is understood that the latter's name is M. E. Smith and it is almost certain that he is the man most wanted by the detectives working on the case.

Johannsen came to police headquarters at 8.30 this morning and for two hours was closeted with Chief Seymour. At the conclusion of their interview Seymour declared that he had been merely putting some supplementary questions to the Corte Madera millman, but that he had nothing to give out for publication in regard to them.

At noon Maddox called and was immediately ushered into the presence of the chief. It was then that he gave his information relative to Smithy, and it is evident from the fact obtained here that Mrs. Lavin is keeping back information from the authorities.

SPECIAL GRAND JURY.

LOS ANGELES, Oct. 21.—A special grand jury to investigate the dynamiting and burning of the building and plant of the Los Angeles Times on October 17, will be organized tomorrow by the Superior Court of the county today after a lengthy consultation with District Attorney Frederick. The date of the convening of the grand jury has not yet been determined, but probably will be early next week.

Accused Dynamitar's Trail Leads Sleuths To Far Australia

SAN FRANCISCO, Oct. 21.—It is barely possible that F. H. Perry, alias "Smithy," the one of the trio of dynamite possessors in a glass case and the only one of the trio that has been positively identified, is on the broad Pacific on board the British steamer Spithead, bound for Australia. Information is represented to have been given to Chief of Police Seymour by an intimate of the tramp who the latter is shipped on the tramp with a companion known as Alfred on the day the craft sailed for the antipodes, namely, October 2. The positive identification of the acquitted dynamitar has been obtained through Anton Johannsen, a millman, who lives in Marin county, millman, with whom Chief Seymour had a long interview yesterday. Seymour had learned that "Smithy" was acquainted with Johannsen and his sleuths were put on the trail by bringing in the latter in order to ascertain what he knew about the dynamitar. Johannsen voluntarily visited the chief to contribute what information he possessed, accompanied by Mrs. Johannsen. Johannsen is business agent of the "Mill Workers' Union and an organizer of the Building Trades Council.

KNOWS HIM WELL.

Speaking of the interview, Chief Seymour said: "Johannsen knows the man known as 'Smithy' better than any one else in the district of the country, for as far as we have been able to learn, Johannsen, as he came in the newspaper in connection with this case at the time he became a public matter that J. H. Hulse had lived in the house of Mrs. Lavin and that 'A. Perry' or 'Smithy' had lived at the same house.

"He came into my office with Mrs. Johannsen the morning of October 11 and wanted to explain to me what he knew of the man he knew as M. E. Schmidt, and who was more familiarly known as 'Smithy.' Johannsen told me that he had known 'Smithy' for a good many years. I believe he said it was seven years ago that he first met him in Chicago, and later saw him in Los Angeles. He met him in San Francisco soon after the fire, and had seen him at various times since then.

"Last February Johannsen stated that he employed 'Smithy' to help him build a house at Corte Madera, John Lofthouse, who rooms at Mrs. Lavin's lodging house, was an acquaintance of 'Smithy,' and he took Mrs. Lavin over to Corte Madera to the Johannsen house and there it occurred that 'Smithy' was there.

"Later they took a room at Mrs. Lavin's house. They visited Corte Madera together. On the last occasion they visited Corte Madera, they went to the Johannsen home and had dinner there. That was the day before the dynamiting of the Los Angeles Times. I believe they visited the Johannsen home the last time Friday, September 30.

"I am sure from the information in my possession that 'Smithy' did not go to Corte Madera again either with Mrs. Lavin or alone. It was the next day at Mrs. Lavin's house that 'Smithy' met the woman the newspaper counts on the Los Angeles Times dynamiting, and then remarked that he was going away. Mrs. Lavin tells me that she has not seen 'Smithy' since that day.

OPPOSED TO VIOLENCE.

"Johannsen told me that while a strong union labor man and a dynamite man, he was opposed to the use of violence to accomplish the purpose of the unions. I agree with him on that point. He told me that he had been in Des Moines attending a union convention the day of the Los Angeles dynamiting, and that he left for Chicago on the same day or the following day.

"He wanted to go East the Tuesday after he was talking to me but I explained to him that his presence here might be necessary at any time and that he had better postpone his visit. He did so, and told me about his proposed Sacramento trip and promised to be in my office the morning of October 21.

NOT UNION MAN.

"Johannsen told me that so far as he knew 'Smithy' was not a member of any

\$8000 RAISED FOR DYNAMITE VICTIMS

Kisses and Flowers Sold for High Prices at Big Los Angeles Benefit.

LOS ANGELES, Oct. 21.—Almost 3000 people attended the benefit entertainment given at the Auditorium yesterday afternoon to raise funds to relieve the suffering and distress caused by the dynamiting of the Los Angeles Times building, and more than \$8000 was raised. During the course of the program a telegram from the San Francisco Chamber of Commerce was read, announcing that \$10,000 had been raised by the organization to be added to the fund. This brought forth a storm of applause and the enthusiasm of the house knew no bounds.

Members from every theater in Los Angeles took part in the entertainment and many of the society women of the city found means of raising funds for the occasion. One beautiful little chorus girl volunteered to go through the audience in her short skirt and sequinette, selling candy and collecting for the fund. When a bold fellow asked her for a kiss she instantly replied, "Sure, at 35." Other beautiful kisses and heavy roses were sold three times and brought \$225 into the treasury. The first purchaser paid \$20.

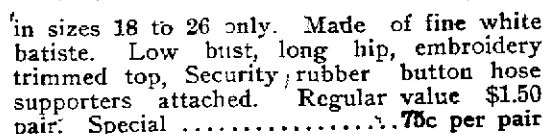

HAYWARD DISPUTE WITH MEEKS ENDS

Long Years of Bitter Fighting Over Storm Drain Is Concluded.

HAYWARD, Oct. 21.—At a regular meeting of the board of trustees last night a long and bitter dispute arranged by Mayor C. W. Hoyer and Stuart S. Hawley representing the Meek Estate Company, was adopted by the members of the board and formally closed the long years of bitter fighting between the

people of Hayward and the Meek family in regard to the right of the town to turn the waters that collect in Castro street into a ditch in the Meek estate. In the brief agreement provided that the Meek Estate Company shall be allowed to sell the tract that is under their jurisdiction, shall construct a roadway or a waterway or other arrangement as a storm sewer sufficient to dispose of the storm waters from Castro street, and that the present ditch shall be left open until the said agreement shall be completed. On the other hand the town of Hayward agrees to allow the Meek tract to be subdivided and the streets to be paved with six-inch macadam and rock gutters, to replace all present claims to the present right of way for a sanitary sewer from Louisa street across the Meek tract, to allow the property owners in the tract to connect with the Hayward sewers and to pay the sum of \$2500 to the Meek Estate Company as a part expense of the improvement. The town is given a year to pay half of his amount, though \$12500 to the Meek family.

NEW HAVEN, Conn. Oct. 31.—The report of the college entrance examination board has just received at Yale shows that for the present year 1931 candidates took the examinations, an increase of nearly 300 over 1929. The board extended \$25,221.15 and read a total of 139 papers. Examinations were held in 168 places covered by forty-five examiners.

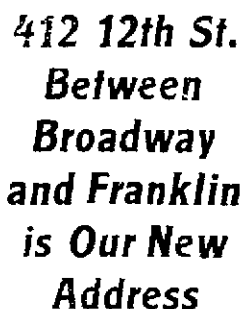

After the enrollment of a number of new members an elaborate supper, prepared by a committee of ladies in charge, was served, at which more speeches were made. At the conclusion of the supper dancing was enjoyed until midnight.

Deputy District Attorney Max Grunwald appeared for County Clerk Graham and outlined the law that compelled the clerk to put all names on the ballot after they had received the largest vote. The case is being closely watched by several other candidates who either received the nomination from the Prohibition or Socialist parties and are anxious to have their names kept off the ballot, but it is doubtful if a decision will be rendered before the official ballots are printed.

To Keep Sponges Sanitary

Most people find sponges hard to keep clean and free from slime and for this reason have discarded them entirely. However, it is easy to keep them clean and sweet if in addition to rinsing in clean, warm water after being used, they are boiled once a week in water to which has been added a teaspoonful of Gold Dust washing powder and then rinsed through several clear warm waters. Wash cloths should also be boiled in Gold Dust suds and thoroughly rinsed, sunned and ironed. Those of thin linen crash are more desirable than heavy ones.

S. P. TO ISSUE NEW HOTEL GUIDE

Big Improvement Over Former Issue; Western Pacific to Make Changes.

The Southern Pacific company will soon issue a new hotel guide which will be a great improvement over the one issued last year, and which has proven such an assistance to their patrons. A section of the new guide will be devoted to Oakland hotels and rooming houses and the rate and capacity of each will be given.

While all of the data for the new guide is not yet ready to pass into the hands of the printer, enough of it has been gotten together to show the wonderful progress the city of Oakland has made during the past year. The local railroad authorities predict that the Oakland guide will be nearly as large again as it was last year, and that the people will be surprised to see the number of people who can be accommodated within the city. The guide, which is the second one to be published by the Southern Pacific company, will be ready for distribution in about a month.

IMPROVE OWL.

The Southern Pacific is preparing to improve the equipment of the Owl train. New cars direct from the Pullman shops have been received and are now ready to be placed on the run. These cars are all of the latest steel type and are equipped with electric lights and other modern improvements. Each train will carry a compartment observation car.

BETTER SERVICE.

The officials of the Western Pacific have announced their intention of improving the train service over their line early in November, when several additional passenger trains will be put on the run. At the present time the company is running a local train to Orville which leaves the city at 8 a. m., and an overland train which leaves the city at 6 p. m.

The railroad officials propose to make a fast train out of this local and equip it with dining car service. This train will then compete with the Port El Dorado. The Southern Pacific's fast train from San Francisco to Orville. A new local will then be put on between San Francisco and Portola station near the eastern boundary of California and Nevada.

STATE BY DAYLIGHT.

The overland train, which now passes through the Feather River canyon in the night in order to make close connection at Salt Lake City, will also be changed and the passengers will have an opportunity of seeing this picturesque part of California by daylight. Business has increased to such an extent on this overland train that the officials are contemplating another through train.

WATER BILL COSTS

RICH CLUBMAN \$160

REDWOOD CITY, Oct. 21.—Thomas H. Rizzo, millionaire, hotelman and attorney, of San Francisco and Palo Alto, spent a busy afternoon yesterday in the court of Superior Judge George Duks, when the first order of the Clubman to pay a disputed water bill without further delay.

Thompson Rizzo wrote out a check to the Bear Gulch Water Company for \$160 thus terminating the controversy.

Several weeks ago the corporation suit Rizzo brought for that amount for water consumed in four months. The bill was \$25 a month, the island gallons, and the children claimed that he did not use anywhere near the amount. The suit was settled out with Rizzo paying as his own attorney.

A DISTRESSING CONDITION CURED

How This Los Angeles Woman Was Helped by the Tonic Treatment.

She Used Dr. Williams' Pink Pills When She Needed More Strength and the Pure, Rich Blood Soon Brought Complete Relief.

"I can't begin to tell of the benefit I received from Dr. Williams' Pink Pills," says Mrs. A. K. Hay, of No. 678 East Forty-fifth street, Los Angeles, Cal. "Four or five years ago at the time of life when I needed rest, I became run down through overwork and worry and for my husband who had been suffering from rheumatism and debilitated that I didn't have strength to do any work. I had no ambition to do anything. Food didn't seem to strengthen me. I had distressing pains in the back of the neck and along the spine. I suffered from headaches, was very nervous, couldn't sleep at all, and the least little noise started me. I was confined to bed for three weeks at a time. I was reduced in weight from 124 to 115 pounds."

"I was under the care of three doctors at different times during my sickness. While taking their medicine I seemed to feel some better but would be as sick as ever when I stopped taking it. The doctors said I would never get well without an operation, but my husband would not consent to it. I had been sick over a year when a friend urged me to try Dr. Williams' Pink Pills. I had tried so many medicines and doctors that I didn't have much faith in the pills but decided to give them a trial. It was only a short time before I began to feel stronger. The headaches and nervousness left me and I was bedridden in every way. I gave the pills a good trial and was entirely cured. I weigh more now than I have in a long time."

If you are interested in the remedy that cured Mrs. Hay, write today for our booklet, "Plain Talk to Women." It is free and will be sent postpaid.

Dr. Williams' Pink Pills are always the same and are sold only in packages bearing the well-known trade mark, Dr. Williams' Pink Pills for Pale People. Pills sold in any other package, or loose, by the dozen or hundred are not the genuine, and are sold by all druggists or will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

HUGE TOWER'S ARE BEING COMPLETED

High Supports for Power Wires to Span Estuary to Allow Ships to Pass.

Work is progressing on the second of the large towers that are to convey the high power wires across the estuary to the new subsidiary power plant that is being built in the West Oakland grounds. The construction work on this tower was begun three months ago. The driving of the piles and the laying of the concrete have just been finished and the work of building the tower proper has been started.

These towers are 250 feet in height and fifty feet square at the base. The great height is necessary in order to leave room for ships with long masts to pass under.

The only one of the towers now finished is at the foot of Lockport street. The one now under construction is on the Alameda side, and there is another one planned for the Oakland side, which has not yet been started.

STEEL GIRDEPS ARRIVE.

The steel for the new "land and water" bridge built by the Southern Pacific in the West Oakland yards has arrived. The girders are 7 feet in length. Three flat cars coupled together were necessary to transport them. The full amount of the steel necessary to build the plant has not yet arrived, but contingencies are being met almost daily.

The power plant will be finished and ready for occupancy by March 1. At a recent public meeting the boys of the Centennial Methodist church, the local movement was started in West Oakland. Three patrons of eleven boys each were formed. Each patron was to have with the group, a boy, a girl, the name of an animal or bird. The names of the three patrons, their uniforms and their leaders, are as follows:

The Goats—Shoulder straps red and white. Leader, Lathrop Brown. The Stars—Shoulder straps blue and gold. Leader, Lloyd Carr. The Eagles—Shoulder straps green and black. Leader, Kenneth Hughes. While the shoulder straps of each patrol differ in color the uniforms are the same for all. These uniforms will arrive from San Francisco tomorrow and will be worn for the first time by the young scouts on Saturday.

will go on a "bike" to Grizzly peak and return.

BOY SCOUT MOVEMENT.

Rev. A. J. Case, pastor of the Centennial Methodist church, is scout master. It is due to the work of Rev. Case that the boy scout movement has been set on foot in West Oakland.

The Junior and Intermediate Epworth Leagues will hold a picnic Saturday back of the University campus in Berkeley. Members of the leagues and their friends are invited to attend. It will be an all-day affair.

WOMEN OF MIDDLE AGE

Need Lydia E. Pinkham's Vegetable Compound

Brookfield, Mo.—"Two years ago I was unable to do any kind of work and only weighed 115 pounds. My trouble dates back to the time that women may expect nature to bring on them the Change of Life. I got a bottle of Lydia E. Pinkham's Vegetable Compound and it made me feel much better, and I have continued its use. I am very grateful to you for the good health I am now enjoying."

—Mrs. SARAH LOUISON, 414 S. Livingston Street, Brookfield, Mo.

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

HEALTH PROBLEMS ARE DISCUSSED

The Railway Surgeons Would Improve Sanitary Conditions.

CHICAGO, Oct. 21.—The American Association of Railway Surgeons is going to try to improve the sanitation of railroads of the United States. The annual convention of the association which is being held here today was devoted yesterday to appointing a committee which shall have improved sanitation along railroad rights of way in cars and in stations as its particular work. This committee will be expected to co-operate with the state boards of health and with municipal authorities to the end that the rapid spread of disease which frequently is caused by unsanitary conditions, may be checked or done away with.

Robinette's Wardrobe Trunk

made an unpleasant impression on Benson, the lady's maid, but Robinette herself certainly had the poor soul guessing hard. Robinette is the heroine in

Kate Douglas Wiggin's Great New Story, "The Admiral's Niece"

and this popular author never created a more charming and delightful one. You can make her acquaintance in

The Big Thanksgiving Number of the WOMAN'S HOME COMPANION

MADISON SQUARE NEW YORK.

Kate Douglas Wiggin is well known not only to the woman's home companion reader, but to the whole civilized world. Her books have been translated into many languages. Her latest work, "The Admiral's Niece," is a story of the life of a young girl who is adopted by a family of nobles. It is a story of love, adventure, and heroism. It is a story that will appeal to the hearts of all who read it. It is a story that will make you forget all your troubles and worries. It is a story that will give you a new perspective on life. It is a story that will make you a better person. It is a story that will make you a better citizen. It is a story that will make you a better human being. It is a story that will make you a better person. It is a story that will make you a better citizen. It is a story that will make you a better human being.

Municipal Museum Completed After Years of Effort

DOORS WILL BE THROWN OPEN TOMORROW

MANSION USED TO HOUSE EXHIBIT

Mayor Mott and Curator Wilcomb Will Show Result of Work.

City Institution On Shore of the Lake to Be Mecca of the Student and Traveler.

After three years of patient labor on the part of Mayor Frank C. Mott and Curator C. P. Wilcomb, during which time a vast amount of work has been accomplished, the Oakland Public Museum, situated on the western shore of Lake Merritt at Fourteenth and Oak streets, is about to open its doors and tomorrow morning at 10 o'clock the public will be permitted for the first time to inspect the wonders which it contains. Gathered together from all parts of this and other countries, including particularly with historical and ethnological subjects which are presented by the most modern methods, and the art of handling specimens, the several features which in their completeness are unsurpassed by anything of like nature and similar character in the country will make the museum of particular interest to both the student and the traveler.

Conceived by Mayor

The idea of founding a municipal museum was conceived by Mayor Mott a number of years ago and it was the high honor that certain collections were preserved and kept in the state he personally being responsible for obtaining services of a man who has carried out the work under his patronage and brought the enterprise to its present state of perfection. During the time that the exhibits have been in the course of preparation little has been known of the project, but it is now a matter of common knowledge.

Exhibits Are Complete

Reference to what will be seen here will be made in the following paragraphs. The exhibits are complete and the museum is ready to receive the public. The exhibits are complete and the museum is ready to receive the public. The exhibits are complete and the museum is ready to receive the public.

TO GIVE BENEFIT FOR HOMELESS

Native Sons of Berkeley Plan Entertainment to Aid Charitable Cause.

BERKELEY Oct 21.—For the benefit of the Native Sons and Daughters, homeless children cause throughout the state, the Berkeley branch of the general committee has planned an entertainment to be given in the Varsity theater November 10.

The entire house has been bought out and in addition to the moving picture exhibition the committee has arranged a program which will include tenor songs by Edgar Thomas, baritone selections by Robert Cruz, a vocal quartet and other numbers.

Once each year the suburban districts give a benefit in aid of the homeless children. A cause which was taken up by the Native Sons of the grand prior in the Yosemite valley three years ago, and which now carries representatives from the Associated Charities, Catholic organizations, Protestant and Jewish charitable institutions.

THOSE IN CHARGE

The local entertainment will be given under the auspices of Berkeley Fair No. 10.

The committee in charge of the forthcoming entertainment is composed of Frank McAllister (chairman), Richard J. Garrett and Robert T. Wells.

The general committee comprises the grand president of the Native Daughters, Miss Mamie G. Peyton, Congresswoman Joseph R. Knowland, junior past grand president of the Native Sons, Daniel A. Ryan, grand president of the Native Sons, Fairfax Whelan, representing the Protestant, charitable organizations, Rabbi Meyer representing the Jewish organizations, Father Charles Ramm, representing Catholic charities, and W. A. Gates, representing the State Board of Charities.

SUB COMMITTEE

The local sub-committee is composed of Frank McAllister (chairman), A. R. Larson and W. R. Williams.

The churches of the city will be asked to cooperate with the committee in promoting the benefit by giving publicity to the affair.

There will be music and singing in other forms of amusement. The committee in charge is Mr. M. J. L. (chairman), Miss Sophie McAllister, Miss Lelia Brackett, Miss Elizabeth Cross and Miss Durgin.

BLOOD TROUBLES

Constitutional Blood Poison is the most insidious of all diseases. It begins in an insignificant manner, usually the appearance of a tiny sore being the only outward evidence of its presence. But down in the blood the treacherous infection is at work, and in a short time its chain of symptoms begin to crop out. The mouth and throat ulcerate, skin eruptions break out, sores and ulcers appear on the body, the glands in the groin swell and sometimes the hair comes out. Medical medicines cannot cure Constitutional Blood Poison, they only shut the disease up in the system to smolder and await an opportunity of breaking out afresh. The only possible way to cure the disease is to REMOVE the germs from the blood. S. S. S. goes into the blood, and while removing the infection makes the blood pure, fresh and healthy. This causes a general upbuilding of the entire system, and when S. S. S. has made a cure there is no return of the hideous symptoms. S. S. S. is made entirely of vegetable matter, containing not the least particle of mineral in any form. It is a perfectly safe medicine and a certain cure for blood poison. We have a Home treatment book, which we will be glad to send free to all who write and request it, also any medical advice without charge.

OPERA BY COLLEGE STUDENTS SUCCESS

Treble Clef of University Gives Excellent Performance of 'The Mikado.'

BERKELEY Oct 21.—The Macdonough theater in Oakland was crowded last night with students, faculty members and friends who witnessed the Treble Clef production of 'The Mikado' in almost professional style. Campers opinion today is that it was the best performance ever given by that organization.

Frequent applause interspersed the numbers of the well known comic opera and the cast fulfilled the expectations of coaches and those of the audience. It was a performance of the highest order. The individual scores were well rendered and the orchestra under the direction of Paul Stelendorf contributed much to the success of the performance.

BROOKLYN LODGE PLANS CEREMONY

Fifteen Pastmasters Are to Aid
Captain Petersen in Making
His Son a Mason.

The beautiful ceremony of conferring the third degree in Masonry will be observed at Brooklyn Lodge, No. 255, Tuesday evening when Ulric K. Petersen will be raised by his father, Captain of Deputies Walter J. Petersen, acting as master of the lodge. Fifteen past masters of the lodge will assist at the ceremony, which will be followed by a banquet and literary and musical program. The program will include addresses by Rev. Charles R. Brown and Judge William H. Waste.

Ulric Petersen has but recently attained his majority and will be one of the youngest Masons in California. Those assisting Captain Petersen in conferring the degree upon his son will be: John W. Evans, senior warden; Howell P. Capell, junior warden; William R. Evans, senior deacon; Thomas B. R. Crandell, junior deacon; John A. Campbell, senior steward; Henry F. Goff, junior steward; John W. Phillips, John C. Foster, Charles H. Smith, John C. Downey, Walter H. Coblick, Granville D. Warren, J. Arthur Petty, Herbert P. Briggs, Edwin L. Sargeant.

A banquet will be served in the banquet room, where the following program will be rendered:

A Vintage Song (Mendelssohn)—Brooklyn Masonic Quartet.

Remarks—Rev. Charles R. Brown.

Absent (Metcalfe)—Brooklyn Masonic Quartet.

Remarks—Hon. W. H. Waste.

Brooklyn Masonic Quartet—Dr. William J. McCracken, first bass; John McEwing, second bass; W. Herbert Graham, first tenor; Chester V. Newell, second tenor; James H. Gould, accompanist.

PLAN TO INSERT SWITCHING CLAUSE

Amendment to Be Presented to
City Council for Insertion
in Franchise.

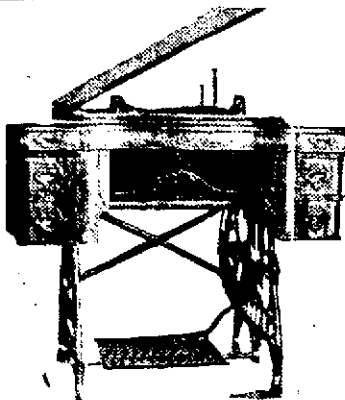

At the meeting of the Tri-City Rotary Club yesterday, Engineer Ross Morgan gave a talk in which he urged the necessity of inserting a switching clause in the Southern Pacific's waterfront franchise before its adoption. He said that the present franchise permitted the rail road company to discriminate against any shipper who does not ship over its lines and permits switching charges which are not limited, which may be made to apply from any place from Oakland to Stockton or any other given point.

The switching clause as framed by Morgan will be presented to the City Council Monday night.

SHAKE UP IN PIEDMONT SCHOOL IS REPORTED

PIEDMONT, Oct. 21.—The Piedmont board of school trustees is planning a radical change in the management of the Piedmont school, according to reports which are now in circulation in this district. That Miss Clara Crumpton's position as principal is in danger is declared positively by those who are familiar with the situation.

It is reported that John Stueche will be appointed general superintendent of school affairs with authority over Miss Crumpton, who is now in charge.

Alleged White Slaver and Woman Must Face Trial

SAN FRANCISCO, Oct. 21.—A somewhat startling series of developments was brought to light this morning in the case of William Dalmain, accused of being a white slave dealer, and on trial before Superior Judge Dunne, when it was known that May Taylor, keeper of a house of questionable character in Point Arena, had been arrested secretly by the police last night for perjury.

Dalmain is accused with George Pierce of having spirited Henrietta Nelson and Nettie Schacter to the Taylor woman's house at Point Arena after having made false promises to them. Yesterday at Dalmain's trial May Taylor denied that she had written a letter to the relatives of Miss Nelson saying that she was employing the girl as a maid in a house at Fitchburg, Alameda county.

Assistant District Attorney Berry claims to have the missive in his possession and to have verified the handwriting, and on the strength of the Pierce of having spirited Henrietta Nelson and Nettie Schacter to the Taylor woman's house at Point Arena after having made false promises to them.

Pope Recalls His Nuncio From Portugal Republic

LISBON, Oct. 21.—Monsignor Tonti, the papal nuncio at Lisbon, left Portugal today. His destination was not announced. It had been rumored that the pope had decided to recall the nuncio as a protest against the anti-clerical attitude of the republic.

Antonio Almeida, minister of the interior, returned today from Coimbra and reported that the trouble at the university there was confined to the tearing up of royal portraits and the wrecking of furniture by the ultra-republican students.

The government is investigating the

bridge party October 31 at her home in Scott street.

Pink roses and violets were the flowers chosen to decorate the table at one of the prettiest luncheons that has taken place recently at the Fairmont hotel.

Mrs. Eleanor Doe entertained yesterday at a farewell luncheon in compliment to Mrs. Frank Baldwin, who is leaving next week for her island home, after a most delightful visit to her parents, Mr. and Mrs. J. H. Kittredge.

Mrs. Doe's other guests were Mrs. Eleanor Martin, Mr. May Tobin, Mrs. Edgar Preston and Mrs. William Cluff.

Captain and Mrs. Robert McMillan, who left here last week for their home in the east, have stopped en route at Seattle to

affairs of the national mint, the director of which, Jose Lima, recently committed suicide.

Father Mattos, the Jesuit editor of an anti-republican newspaper, who was believed to have been killed, is alive and unhurt, according to announcement made today.

New additions to the republic are reported. Many wealthy citizens are contributing to the liquidation of the national debt. Government employees, soldiers and sailors are offering to donate a part of their wages for the same purposes.

NEW BUILDING FOR MUNICIPAL PLANT

Alameda Electricity Commission Has Surplus Funds to Erect Plant.

ALAMEDA, Oct. 21.—That a new building will replace the present municipal electric plant at the south end of Park street within a year, was stated by Electricity Commissioner Charles Adams this morning. Adams stated that the electricity commission had \$12,000 on hand, which will erect a new building. The plant is now running on a paying basis, the sum of \$42,000 above the expenses being realized this year. We have installed a cold water intake at the plant now, and have a surplus amount of money on hand for a boiler, which will be purchased in the near future.

THUG ATTACKS WOMAN IN HER OWN DOORWAY

SAN FRANCISCO, Oct. 21.—While standing on the front steps of her home, 32 Fifteenth avenue, at 2:30 o'clock this morning waiting to see her daughter come safely from an owl car which stops nearly a block away, Mrs. T. MacPherson was suddenly attacked by a brutal thug, who, darting upon her from the shadows, threw her to the ground and landed her roughly.

BISHOP L. C. SANFORD OF NEW DIOCESE IS FITTED FOR WORK

THE REV. L. C. SANFORD, now Bishop.

Has Been Secretary of Eighth Missionary District and Rector of Many State Churches

BERKELEY, Oct. 21.—Rev. Louis C. Sanford of 2325 Ward street, this city, who has been chosen bishop of the new diocese of the San Joaquin at the Episcopal triennial convention in Cincinnati, came to Berkeley to reside shortly after the great fire. At that time he was pastor of St. John's Church of San Francisco. Later he was appointed to the position of secretary of the eighth missionary district, embracing the Pacific states, Alaska, Hawaii and the Philippines.

In his various activities he was well known throughout the state. His service as rector at Selma and Fowler, prior to coming to the bay, has fitted him for the field of which he is to have charge as bishop. Occupying these places shortly after he came to this state fifteen years ago, he later went to Salinas.

The San Joaquin diocese is the fifth of this class of divisions in the state. Bishop Sanford, who is about forty years of age, is a native of Bristol, Rhode Island, and a graduate of the Episcopal divinity school at Cambridge, Mass. He has a family composed of a wife and three young children. Mrs. Sanford is now in the East with her husband. They will return to the state after a short tour on the other side of the continent.

CINCINNATI, Oct. 21.—With but little minor business to be acted upon, the delegates to the general convention of the Protestant Episcopal Church went into session today resolved to clear the slate of this matter and then adjourn sine die. The House of Bishops and the House of Deputies were scheduled to hold a session to finish their labors. It was believed adjournment would be taken at 10 o'clock. Bishops and other delegates expressed themselves as gratified at the work done by the convention in its three weeks' session.

Much important legislation was acted

upon, while other subjects were considered and passed to the next convention to be held in New York City in 1912.

The closing exercises were scheduled to be held at St. Paul's Cathedral, Bishop Tuttle, the presiding bishop of the church, was to make an address.

CHURCH MUSICAL WILL BE BENEFIT

To Be Given by Alameda First Christian Church at Home of Pastor.

ALAMEDA, Oct. 21.—A musicale will be given at the home of Rev. and Mrs. J. R. Perkins, 1121 Park avenue, Tuesday evening, October 26, for the benefit of the Good Samaritan Guild of the First Christian church.

Mrs. J. C. Spence is chairman of the committee of arrangements and has entire charge of the program for the evening. Mostly San Francisco talent will be represented. One of the most interesting features of the program will be a reading of Mrs. Colonel Howard. Mrs. Howard will give a monologue and later in the evening will entertain with a group of readings, accompanied by music. Miss Nettie Gardner, organist of the West Side Christian church of San Francisco, will contribute to the program.

Many talented and noted musicians will be heard.

Mrs. Perkins is a musician of ability and she will be heard to advantage Tuesday evening.

Following is the program in full: Violin solo, Miss Beth Millican; whistling duet, Mrs. George Neils, Mrs. G. W. Pierce; solo, Arthur Morgenstern; reading, Mrs. Colonel Howard; solo, Mrs. Louise Ahorn; recitation, Miss Myrtle Maclean; accompanist, Mrs. J. R. Perkins.

COFFROTH WILL TRY TO MATCH BAT NELSON WITH OWEN MORAN

Amateur Championships Will Be Held at State Capital This Year; Sacramento Athletic Club Comes to Front Fast

JIMMY COFFROTH has taken up the job of making a match wherein Battling Nelson will appear as one of the principals. Coffroth has started his wires out for a suitable opponent and at this time it looks as if the hard-fighting Dane may yet be one of the attractions in the November professional show. Owen Moran, who has been shouting for a match with Nelson for the past two years, has been making the change to try the sturdy Battler of the hills as yet he has not been heard from. Lew Power has also been offered the match and unless he is tied up in the East with other engagements there is a chance that he may be the trial horse for the ex-champion.

The scarcity of first-class lightweight makes it a hard matter to make a match with Nelson, or he is not at all willing to take on men with whom he will not draw big purses. In San Francisco he demands forbids the promoter taking any chances with the younger set of pugilists. Moran as Nelson would prove a card that would draw a good house, although judged by the showing made by Moran in the contest with Frankie Burns it would seem that the Britisher is not the man he was a year back. Nelson has agreed with Coffroth to meet in San Francisco in ten days in order to give the promoter a man who has ample time in which to secure a man for his fight and in the meantime he will stick to his training at Millet's training resort.

SACRAMENTO GETS AMATEUR CHAMPIONSHIPS.

The amateur championship of the Pacific coast will be held this year at Sacramento, under the supervision of the Sacramento Athletic Club. T. J. Darr for the first time has been announced within the next few days, but it is expected that it will be some time during the middle of next month. The Sacramento Athletic Club has come to the front with the championship broad jumps among the athletic clubs of the coast during the last year, and it is expected that it will be the victor in the coming year. It will stride into the limelight of amateur athletics being exceedingly noticeable. The club held its amateur field and track meet on the 15th of last year and proved to be a very successful one. The boxing tournament will be handled. About eighteen months ago the Sacramento Athletic Club imported Otto Rittler, a product of the Oakland Athletic Club to handle their class and attend to their athletic meets. Ever since Rittler has had charge of the club things have been going with a hum and there is not the slightest doubt but that the boxing tournament will be as great a success as was the athletic meet.

With the great number of good amateur boxers that Oakland boasts it is hoped that weight will be represented in the championship trials. It is expected that the champion will run from the bantam to the heavy weight class, so there will be a chance for all. Those desiring information regarding the bouts can get it by writing Otto Rittler at the Sacramento Athletic Club.

YOUNG CORBETT BADLY BEATEN.

As was expected, Young Corbett, one time champion of the world in feather-weight division, was badly beaten last night at New York by W. Beecher. It is a shame and a disgrace to the boxing game to match in the condition of Corbett with any sort of a boxer, and the promoters staged the show at New York should be severely censured by the press and boxing enthusiasts. Corbett has been unfit for the ring for the past six or four years and why he should be dragged out of retirement and give little money for taking a beating is more than most any of us can understand.

**PORTLAND MERCHANTS
OFFER THE SENATORS A
BONUS TO BEAT OAKS**

**LEAGUE DIRECTORS UPHOLD
GRAHAM IN CASE OF
HETLING**

McCredie Is Given the Right

SACRAMENTO, Oct. 21.—Several merchants of Portland have offered Charley Graham's team several bonuses if they hang the big sign on the Oaks during this week's series.

Four hundred dollars is offered to the team in a lump sum if they win four of the six games played between the two teams. If the series is split, that is, if each team wins three games, then the Senators are to divide \$200 between them.

For every game each Sacramento pitcher wins he is to be paid \$50 in cash at the close of the series.

This story was given to the writer here yesterday afternoon just before the game and a decided improvement was noticed in the playing of the Senatorial outfit.

Arrelanes was aware of the proposition the day he pitched and tried hard to annex the long end of the score, but the Oafs were too much for him and he lost out. The ex-ban-eater is to do the hurling Sunday afternoon and says he will win, but Wolverton's men think him the easiest proposition in the league and would be tickled to death to have him work every game for the Senators.

Heating case, the meeting was deemed satisfactory. The other actions can be summarized as follows:

Portland was the principal party in the Northwest League team in northern city next season on the standing that the dates on which Northwestern club plays in Portland not conflict in any way with the schedule of the Pacific Coast League.

Walter McCredie, manager of Portland team, declared that he had any statements to reporters or other his home town reflecting on the club of the league.

A water club was adopted, provided that any club desiring to dispose of any player must put him up for sale to the other clubs for \$250 for a period of five days.

The other business of the league was adjourned to the annual meeting which will be held on or about November 3.

Those present last night were: Doug Graham, in the chair, Dick Ewing, Walter McCredie, Steve Lewis and Charles Graham, and Ben

FLAMES RECREATE
WATSONVILLE

**Hotel Partly Destroyed When
Firemen Are Rendered
Helpless.**

WATSONVILLE, Oct. 21.—The explosion of a small gasoline cooking stove in the rear of the second story of the Hoffman rooming-house, in lower Main street, yesterday afternoon, caused a disastrous fire. The annex was partly destroyed, and the loss is estimated at \$10,000.

The lack of sufficient pressure in the water mains and the bursting of a line in the fire engine caused the flames to spread, and at one time it was thought that the greater portion of the south end business section would be destroyed. The fire department, with the aid of scores of volunteers, fought the blaze desperately, but it was two hours before it was extinguished.

FIREMEN HELPLESS.
The fire engine had been at work but a few minutes before a fire burst out and it was helpless. The lower pressure furnished by the Watsonville Water Company made effective fire fighting out of the question, and many volunteers telephoned for aid from San Jose and Salinas.

The firemen, by desperate and untiring work, finally held the flames under control and the San Jose engine was called in to save its trip to this city. The Salinas engine and twenty-five firemen made the twenty-mile trip to Watsonville in record-breaking time. The fire was confined to the annex, and the main building was saved by heroic efforts.

The new Apple Annual pavilion where the great show was held last week, was a total loss at the time, but quick work saved the structure.

The heaviest loss is Lieutenant-Governor Warren R. Porter, who owns the Hoffman House. He is a resident of the city, and the rooming-house was the second largest loss. Many of the guests were unable to save any of their effects.

This was the second fire in ten days which resulted so disastrously because of the low pressure given the local fire department by the water company.
